Resolution.—The increase of pay recommended may be given.

XII. Read T.-Narsipur Taluk Amildar's reports Nos. 10, 11 and 12 of the 13th July 1906, forwarding three estimates aggregating Rs. 611 for filling up three cesspools at T.-Narsipur, and soliciting a grant of funds from the District Funds, as the Local Municipality is too poor to undertake this work which is urgently called for in the interests of the sanitation of the town. And the President's order, dated 26th July 1906, to the Taluk Amildar, sanctioning two of the above three estimates, at a cost of Rs. 162, in anticipation of the Board's approval.

Resolution.—The President having explained how the three cesspools have rendered the place highly insanitary, and how urgent it was to accord sanction to a portion of the grant in order to afford some relief to the agricultural classes of the neighbouring villages in distress, the Board approves the President's action and consents also to sanction the third estimate from its (Board's Funds) the work being undertaken or not at the discretion of the President.

Resolution.—The President having explained that the work had to be sanctioned in anticipation not only to afford drinking water to the people, but to give some relief to a large number of suffering agriculturists of Hadatale itself and surrounding villages, the Board approves the action taken.

XV. Read Malvalli Taluk Amildar's report No. 51 of the 24th July 1906, forwarding as desired in the Board's resolution dated the 12th May 1906, an estimate amounting to Rs. 333, for draining the water from the pool near the dispensary building at Malvalli.

The Board also accepts the explanation of the Amildars for the large lapse of grants, which was owing to the failure or want of rains in the proper season.

XI[illegible] The list of works costing less than Rs. 500, sanctioned by the President from the 12th [illegible] 30th June 1906, was read to and approved by the Board.
